~Winners chosen from 2,900+ entrants from 115 countries ~

G7CR Technologies India Pvt Ltd today proudly announced it has won the 2019 Microsoft Country Partner of the Year Award for India. The company was honoured among a global field of top Microsoft partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology.

Awards were presented in several categories, with winners chosen from a set of more than 2,900 entrants from 115 countries. G7CR Technologies was recognised for providing outstanding solutions and services, as well as representing excellent subsidiary engagement in India.

The Microsoft Country Partner of the Year Awards honour partners at the country level who have demonstrated business excellence in delivering Microsoft solutions to multiple customers over the past year. This award recognises G7CR Technologies as succeeding in effective engagement with its local Microsoft office while showcasing innovation and business impact, driving customer satisfaction, and winning new customers.

G7CR Technologies India is an Expert Azure Managed Services Partner driving cloud transformation for over 800+ businesses across India. G7CR provides cloud hosting services on Microsoft Azure packaged with all related support services for free.

The services include managing cloud servers, monitoring cloud deployments, cloud architectural design, cloud security services, cloud governance services, 24x7 tele phonic support and implementing advance technologies like power BI, analysis services, artificial intelligence, bots and machine learning.

G7CR has been recognised globally for its technical capabilities driving cloud success journeys for businesses from industry verticals such as Banking, Insurance, Manufacturing, Healthcare, PSUs, Education, Retail and IT.
